<TEXT>I only purchased a Tracfone prepaid wireless phone as a convenience in case of emergency. I buy a limited number of minutes each year just in case an emergency would occur. It is not used like a regular cell phone for routine conversations. For that I use my regular home telephone for which I pay the several other taxes added on to my local and long distance service. But I don't think that adding such fees for limited use prepaid services makes any sense nor is it fair. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Sincerely,

Leonard Sigell
